OSU Amplified Sound Conditions

In order to gain approval of the submitted OSU Sound Use Permit, the applicant must read and complete the following check-list.

Name of Person Responsible: _____ Phone Number: _____

Read item and complete the form:

- The "Responsible Person" will be available throughout the event to respond to and cooperate with OSU Public Safety/ Oregon State Police and Facility Representative.
- The "Responsible Person" will turn down or terminate amplified sound upon citizen complaint at the direction of OSU Public Safety/ Oregon State Police or Facility Representative.
- The "Responsible Person" must coordinate with OSU Public Safety/ Oregon State Police so that people do not gather on the surrounding streets thereby impeding traffic.
- Amplified sound will terminate by _____ am/pm
- A valid noise complaint may result in forfeiture of a further sound permit(s) for the remainder of the school/ calendar year.
- If, at any time, the noise extends beyond the limits stipulated on the permit application/conditions, an OSU Public Safety Officer/ Oregon State Police Trooper will immediately revoke this permit.
- Noise level will not exceed 50 dB during academic terms at the base of the nearest building to the vicinity of the event venue or 110 dB on the weekends, 30 ft from the speakers/sound amplifying equipment.
- Person Responsible – "I have read and understand the **OSU Amplified Sound Conditions**."

Electronic Signature: _____

O.A.R. 576-018-0140 On- or Off-Campus Noise Control Policy to be followed in addition to this permit.

576-018-0140 On- or Off-Campus Noise Control Policy

(1) Recognized student organizations must register any event to be held on or off campus if the event involves high volume noise the public might hear.

(2) Outdoor events that involve high sound levels (such as the use of amplified sound, musical instruments and crowd noise) must be authorized by the Student Involvement office and must be terminated by 11 p.m. unless a specific permit has been obtained.

(3) A person at the event must be designated to respond to noise complaints. If the noise cannot be controlled, the event must be terminated.
